

## CASE STUDY

# WESLEY YOUTH CENTRE

---

**CLIENT** – Auckland City Council

---

**BUDGET** - \$3,000,000

---

**DATE COMPLETED** – April 2011

---

**ZONE PRODUCTS** – CAP

---

**ARCHITECT** – Pacific Environments Architects

---

**APPLICATOR** – TBS Flemming

---

**BUILDER** – Legacy Construction Ltd

---

### **BACKGROUND**

A positive facility in Mt Roskill for community based youth programmes. Includes basketball court, art workshop, music and meeting space, study area and kitchen.

### **REQUIREMENT AND SPECIFICATION**

Bare plywood and stained wood was to be used in entrance corridor and indoor basketball court. Fire regulations required an SFI 2 and SDI 5. Zone's CAP800 Clear Coat was able to achieve this requirement and was specified and applied to over 1000m<sup>2</sup>.

### **OUTCOME**

Product spray applied by TBS Flemming. CAP800 achieved the required fire rating and also enhanced the look of the ply without distorting the substrate colour.
